Respondent Characteristics

To understand how well survey respondents reflect the the broader Midlands population, the tables below compare each respondent group's share of total responses to its actual share of the regional population*. Any place where the two percentages diverge notably, the results may skew toward the perspectives of groups that responded in greater numbers and should be interpreted with that context in mind.

Community Participation

Residents were asked whether they gave money, goods, or their time in the past seven days. **90 %** of Midlands residents reported giving or volunteering in that time frame. The chart below shows the percent of residents who engaged in each activity. Respondents could select more than one option, so the percentages add up to more than 100%.
