

CENTRAL CAROLINA Community Foundation

Time for a charitable check-up?

We all have a list of annual check-ups we schedule to make sure things are running smoothly. As we begin 2021, consider adding your charitable giving strategy to that list.

A “charitable check-up” ensures your giving aligns with your charitable goals. As your interests change and community needs shift, we are here to serve as a resource and support system for your philanthropy.

Causes You Care About:

Do you have an interest in supporting a certain area of need but are not sure which nonprofits are doing the work locally to make a difference? Our team can help you learn more about organizations and projects that match your charitable goals.

Giving Strategies:

Charitable giving is not one size fits all. Now is the perfect time to consider new strategies to meet your philanthropic goals. Let us partner with you and your professional advisor to consider giving opportunities to maximize your resources.

Unique Giving Opportunities:

An outright gift of cash is quick and simple. You can donate other assets to your charitable fund at the Community Foundation. We accept a variety of gifts including securities, retirement plan assets, personal property, real estate, and more.

Shape Your Legacy:

Options exist for continuing your charitable giving beyond your lifetime. With a provision in your will or trust, you can use a planned gift to create an ongoing source of support for the causes you care about the most.

Ready to begin your charitable check-up? Contact either of us to schedule a time to check-in. We look forward to speaking with you soon!

Warmest Regards,
Michelle and Mimi
